Feedback Analysis Report 2023-24

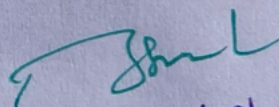

Feedback Analysis from Teachers 2023-24

In the feedback from 37 teachers, there is a generally positive sentiment regarding administrative support, ICT facilities, separate rooms for departments, and the library. However, concerns are raised about the conduciveness of the environment for research activities and the overall satisfaction with the college's infrastructure. Dissenting opinions, particularly on cleanliness, canteen adequacy, and infrastructure satisfaction, suggest areas that may require attention and improvements for a more comprehensive and positive educational experience.
